Paulownia

Paulownia is a genus of flowering plants in the family Ebenaceae. It is native to East Asia, where it has been cultivated for centuries. The genus is named after the Chinese empress Wu Zetian, who claimed descent from the mythical Yellow Dragon. The plants are known for their large, heart-shaped leaves and vibrant, trumpet-shaped flowers. They are often used in traditional Chinese medicine and as ornamental plants in gardens.

The validity of this certificate and the conditions set forth in this certificate are conditional on the fact that the product covered by the certificate holder is FSC Certified wood. Products whose origin is not by the certificate holder can only be included in case of the choice of the certificate holder to accept FSC Mix. Failure to comply with these conditions may result in the loss of the certificate.

Information about Bureau Veritas Certification Authority: A. Morel, CEO, 0033-1-6936-10000 - France.veritas@bureauveritas.com
